Unit	Unit 10
Title	Restaurants
Target Sentence Pattern	<p>I do not want to limit students to a certain sentence pattern, or to correct use of English. I want them to focus only on communication – whether they can get you to understand what they want to convey.</p> <p>Grammar feedback will be done at the end of the class, after the Zoom session.</p>
Key Objectives / Questions / Expressions	<p>I would like to ask teachers to share some of their home country's food – through Google images, or menus, using screen share. The breakdown of the 40 minutes should be roughly:</p> <p>10 minutes: students practice ordering through the menu with teachers (see attached menu on page 2)</p> <p>10 minutes: students introduce restaurants they like, Japanese food they like, answer questions about their restaurants/food</p> <p>10 minutes: teachers introduce Filipino food</p> <p>10 minutes: free talk about food</p> <p>Please take extra care to speak slowly and simply when explaining the day's activities at the very start of the call.</p> <p>Please give students time to try and remember on their own before giving hints in the form of examples (eg. Where? -> 10 seconds thinking -> "Fast food? Restaurant?"). A little silence while students think is okay.</p> <p>Please limit correction, as having low-level students repeat themselves in correct English risks discouraging their willingness to speak. Asking "Do you mean ...?" to show the correct English indirectly is fine.</p>
